

Sony PXW-FS5

Sony PXW-FS5

Pick it up. Wrap your hand around the rotating Smart Grip. Line up a shot. You'll immediately understand why Sony created the PXW-FS5. It's the next step in Sony's handheld revolution. Small as it is, the camera delivers uncompromising performance with Sony's Super35 sensor, 4K onboard recording and wireless streaming. The PXW-FS5. Just wait until you get your hands on it.

Description

In-Stock

Features

- Real handheld Super35 camcorder
- High mobility, operability and flexibility
- Compact and lightweight
- 4K 30p/24p shooting (XAVC Long 100Mbps)
- HFR 240fps Super Slow Motion
- Built-in electronic variable ND filter (1/4-1/128)
- Clear Image Zoom

• Super35 Exmor® CMOS image sensor with 14 stops of dynamic range and 8.4 million effective pixels (16:9)
• 360° rotating, detachable Smart Grip (supplied) can be used with industry-standard rosette, Sony's FS7 telescoping arm and third-party accessories, all sold separately
• Up to 360 fps Super Slow Motion with high sensitivity, burst mode recording at up to 240 fps in HD, 480 fps at reduced resolution and 960 fps at reduced-resolution Center Crop; recording time varies by frame rate
• Onboard 4K recording at 3840 x 2160 resolution with Sony's XAVC™ Long codec
• Outboard RAW recording as a future option (details to be announced)
• S-Log3, S-Log2 and S-Cam3.Cine help retain graceful highlights and extended shadow detail with accurate color reproduction
• 3.5-inch LCD monitor (viewable area, measured diagonally) flexibly adapts to shooting style and angle; mounts on three locations on the handle and six locations on the camera body
• Sony's E-Mount system compatible with E-Mount servo zooms, manual zooms and primes, A-Mount lenses (via Sony's adapters), PL mount lenses (via third-party adapters), and other SLR and rangefinder lenses (via third-party adapters)
• Continuously variable Neutral Density filter, a first in Super35 imaging, enables you to blur the background even in sunlight; also offers conventional presets at 1/4, 1/16 and 1/64 ND
• Clear Image Zoom uses advanced image processing to double the effective focal length of your lens; a 12x zoom effectively becomes 24x
• Center Zone mode separates the center of the image at Full HD (1920 x 1080) resolution. Not only does this provide an effective 2x zoom with 35mm glass, but it also enables you to mount 18mm PL lenses via third-party adapters
• Face Detection AF and Focus Magnifier assist in run & gun shooting; help to maintain critical focus, a particular advantage in 4K capture
• XAVC™ Long recording for 4K (3840 x 2160) at up to 30p and Full HD (1920 x 1080) at up to 60p; advanced encoding technology retains superb picture quality at affordable bit rates (up to 50 Mbps in HD, up to 100 Mbps in 4K); beautiful 4:2:2 color and nuanced 10-bit grayscale in Full HD
• XAVC proxy recording captures frame-accurate lightweight proxy video suitable for faster file transfers and convenient file sharing
• AVC/AVC-PRO recording for compatibility with legacy editing systems

- Simultaneous/Individual Recording enables you to capture backup recordings on the second media card
- Wireless Android and iOS remote control via the free Content Browser Mobile app
- NFC one-touch communication with compatible wireless devices
- Wireless streaming to compatible MPEG TS receivers and computers for convenient, remote image monitoring
- Wireless file transfers of full-resolution assets via Wi-Fi® router to an FTP server
- Wired LAN connection via built-in RJ-45 interface, for more robust network operations
- Multi-Interface Shoe (MI Shoe) supports accessories including Sony's UWP-D11 and D12 wireless mics and HVL-LBPC video light (all sold separately)
- 0.39-inch OLED viewfinder (viewable area, measured diagonally) with large eye cup
- 1/4-inch screw holes on the camera top, bottom and handle accommodate third-party accessories
- BP-F130 rechargeable battery and BC-U1 battery charger included
- Two SD memory card slots with Memory Stick® card capability in Slot A
- Complete interfaces include AG-SDI, HDMI, jack, two XLR connectors, LANC remote control, USB, MI Shoe, DC input and RJ-45 Lan connector
